Neighborhood Traffic Management Program

Traffic Calming Coming to Central Street

(between 11th Avenue and Legion Way)

- Consensus reached on a traffic-calming plan.
- Four 14-foot Speed Cushions to be installed.
- Traffic-calming plan attached.

Meeting a Success

Congratulations to the residents who attended the April 2010 traffic-calming meeting. Residents were successful in developing and reaching consensus on a traffic-calming plan for Central Street between Legion and 11th Avenue. The public process is now complete.

Devices Selected

The plan includes four 14-foot Speed Cushions, one between 7th and 8th Avenues, one between 9th and 10th Avenues, one between 10th and 11th Avenues and one east of 11th Avenue. For the exact location see the attached traffic-calming plan.

Design and Construction

This project is now in the design, bidding and construction phase, managed by Technical Services, Public Works. You will receive a newsletter when a construction timeline has been established.

Staying Informed

Watch your mailbox for a construction newsletter. The newsletter will provide you with updated information on scheduling, construction impacts and contact information. Construction updates are also available on our website at www.olympiawa.gov/construction.
